

2022

**PRICES AND CONDITIONS
FOR SILOPOR SERVICES**

VALE FIGUEIRA SILOS

From 1 de July 2022

PRICES AND CONDITIONS FOR SILOPOR SERVICES
VALE FIGUEIRA SILOS (2022-2023 CAMPAIGN)

1) Drying and storage of *green corn*

1.1. Prices for road reception of green maize in our Silo, on weekdays, between 8 am and 5 pm (excluding the meal period between 12 pm and 1 pm), weighing, moisture content determination, drying, **free storage for 60 days** and shipping on the customer's truck, with new weighing and issuance of Shipping Note, are those shown in our Table - Annex 1.

1.4. The prices for the storage of maize that eventually remain in the Silo for more than the 60 days referred to in 1.1., are as follows and affect the tonnage in stock at the end of each day:

- between 61 st and 90 th day:	€/tm/day	0,02
- between 91 st and 120 th day:	€/tm/day	0,03
- after 121 st day:	€/tm/day	0,04

1.3. The customer must expressly identify to SILOPOR its legal representative who will be provided with its own facilities to ensure contacts with farmers to ensure the monitoring of the reception and shipment of corn, as well as the validation of weighing, measurement of moisture content and quality control.

1.4. Any complaints about weight and quality of corn handled by SILOPOR can only be considered when made before the loads leave the silo.

1.5. Invoicing will be issued within 10 days after receipt of each weekly batch and payment must be made within 30 days of the respective issue date or until the maize is shipped, if this occurs before that deadline. After the payment term, default interest will be due calculated at the legal rate in force, without prejudice to the recourse to the measures contained in the Right of Retention.

1.6. The base prices of the drying service will benefit from the **10% quantity discount**, for a movement during the entire season (for the same type of operation) between 1,500 and 2,500 tons.

- Between 2,500 and 4,000 tons of each type of operation: **15% discount** for total handling >1,500 ton.
- Above 4,000 tons of each type of operation: **20% discount** for total handling >1,500 ton.

PRICES AND CONDITIONS FOR SILOPOR SERVICES
VALE FIGUEIRA SILOS (2022-2023 CAMPAIGN)

2) Drying and storage of *sunflower, rapeseed and soybeans*

2.1. Prices for road reception of rapeseed or soy sunflower seed in our Silo, on working days, between 8 am and 5 pm (excluding the meal period between 12 pm and 1 pm), weighing, moisture content determination, drying, **free storage for 60 days** and shipment on the Customer's truck, with new weighing and issuance of Shipping Note, are those shown in our Table - Annex 2.

2.2. The prices for the storage of oilseeds that eventually remain in the Silo beyond the 60 days referred to in 2.1., are as follows and affect the tonnage in stock at the end of each day:

- between 61st and 90th day: € /tm/day 0,02
- between 91st and 120th day: € /tm/day 0,03
- after 121st day: € /tm/day 0,04

2.3. The Customer must expressly identify to SILOPOR its legal representative who will be provided with its own facilities to ensure contacts with farmers to ensure the monitoring of the reception and shipment of the product, as well as the validation of weighing, measurement of moisture content and quality control.

2.4. Any complaints about weight and quality of the product handled by SILOPOR can only be considered when made before the loads leave the silo.

2.5. Invoicing will be issued within 10 days after receipt of each weekly batch and payment must be made within 30 days of the respective issue date or until the product is shipped, if this occurs before that deadline. After the payment term, default interest will be due calculated at the legal rate in force, without prejudice to the recourse to the measures contained in the Right of Retention.

2.6. The base prices of the drying service will benefit from the **10% quantity discount**, for a movement during the entire season (for the same type of operation) between 1,500 and 2,500 tons.

- Between 2,500 and 4,000 tons of each type of operation: **15% discount** for total handling >1,500 ton.
- Above 4,000 tons of each type of operation: **20% discount** for total handling >1,500 ton.

**PRICES AND CONDITIONS FOR SILOPOR SERVICES
VALE FIGUEIRA SILOS (2022-2023 CAMPAIGN)**

3) Grain reception and storage

3.1. Reception of grains at the Silo in Vale de Figueira, by road, including weighing, storage for **45 days** and dispatch on the customer's truck, with new weighing and issuance of the respective Shipping Note:

- €/tm 2,86 (minimum weekly batch of 50 tons)

3.1.2. For a storage period of up to 8 days, the price will be:

- €/tm 1,18

3.2. Depending on the movement that will be achieved during the 2022 campaign, the prices indicated above will benefit from the following quantity bonuses calculated on the entire tonnage received, through Credit Note to be issued after regularizing the invoicing made at the prices indicated in 3.1:

3.2.1. Reception between 2,500 and 5,000 tons, additional credit of: €/tm 0,25

3.2.2. Reception between 5,000 and 10,000 tons, additional credit of: €/tm 0,15

3.2.3. Reception above 10,000 tons, additional credit of: €/tm 0,10

3.3. Storage charges: After the period of 45 days referred to in 3.1., all tonnage that eventually remains in Silo, will have daily storage charges as follows:

- between 46th and 60th day: €/tm/day 0,02

- between 61st and 76th day: €/tm/day 0,03

- after 77th day: €/tm/day 0,04

3.4. The services provided by SILOPOR are carried out in accordance with the General Conditions in force since **1 July 2022**.

3.5. Price of complementary services to be performed by SILOPOR, at the Client's request or with its prior authorization:

3.5.1. Simple passage from cereals to tare or batch homogenization: €/tm 0,629

(Complementary service to storage, whose execution will have to be agreed with Silo services in terms of time and opportunity)

3.5.2. Aeration/recirculation as a result of grain' own defect (To lower the grain temperature): €/tm 1,639

3.5.3. Product disinfection: €/tm 2,185

3.5.4. Logistic support service for the shipment of products: €/tm 0,100

3.5.5. Reception / drying service, on weekdays, outside normal hours, for each operational used:

- From 17 to 20h: €/period 100,00
 - From 20 to 22h: €/period 150,00

On weekly rest days (Saturdays, Sundays and Holidays):

- From 08 to 20h: €/period 450,00
 - From 08 to 22h: €/period 600,00

3.5.6. Transfer of ownership of Products in Silo: €/tm 0,220

Transfer of ownership can only be accepted when requested by both parties in writing. The cost of transferring ownership will be debited to the assignor, and the new owner will assume the costs of storing the product, under the terms of the Table in force and according to the age of the lot.

The amount indicated above refers to the first transfer of ownership carried out. For each new change on the same lot, the respective cost will be increased by 50%.

3.5.7. Reception and dispatch of returned product for reasons beyond SILOPOR responsibility: €/truck: 150,00

3.5.8. Individualized batch storage of up to 500 tm, due to indication of damage or suspicion of poor quality: €/week 300,00

3.6. Increase in the base price due to non-compliance with the General Conditions.

3.6.1. The minimum tonnage to be considered for billing purposes will be 50 tonnes for the receipt of products by land and 10 tonnes for storage purposes.

3.6.2. Other situations not foreseen in the above points will be negotiated, case by case, according to the costs involved.

3.7. The values included in the Price List are subject to possible increases, for exceptional reasons, namely due to the occurrence of significant increases in the prices of production factors.

3.8. The values indicated do not include VAT at the current rate.
